5.2.2 Average percentage of students progressing to higher education during the last five years (15)

Response:

5.2.2.1 Number of outgoing student progressing to higher education: Total Number: 5 Years

Formula:

$$\text{Percentage Per Year} = \frac{\text{Number of Outgoing students progressing to higher education}}{\text{Total number of final year students}} \times 100$$
$$= 12.43\%$$
