ADD-ON-COURSE: INDIAN HERITAGE

:Introduction:

The Department of History has introduced Add-On--Course entitled” Indian Heritage” from the session 2022-23.

Niti Aayog:Vision :“Value, protect, conserve, interpret and foster India’s unique and diverse Archaeological and Built Heritage as; - a channel for continuing cross cultural linkages at the international level - a means for nation building and testimony to India’s cultural identity at the national level and, - a development tool for socio-economic upliftment at the local level and sustainability for future generations, with an all-encompassing, inclusive, multisectoral and multidisciplinary approach involving the entire gamut of heritage stakeholders from the myriad custodians and range of heritage experts to the visitors as well as citizens of India.”

India’s cultural heritage and, in particular, its archaeological and built heritage is unparalleled in the world. India has one of the largest geo-

political expanses and one of the greatest volume and diversity in heritage. This vast heritage repository of India is recognized globally as significant part of its unique cultural identity. Even beyond India, a number of countries across the world, house some of the best specimens of our country's heritage in their museums often narrating the glory of Indian culture along with the tales of colonial legacy; while others in south east Asia have extraordinary monuments standing as testimony to the spread of Indian culture. An initial survey indicates the total quantum of India's built heritage and archaeological remains may roughly amount to a total of 400000 plus heritage structures across the country including the centrally protected monuments, state protected monuments, heritage buildings under various religious trusts, historic cities and archaeological sites. These hold immense value to the Indian tourism industry.
