INTERNAL QUALITY ASSURANCE CELL

2017-2018

BEST PRACTICES-1

ANNEXURE-I

The basic objective is to promote institutional quality enhancement and sustenance through the internalization of quality culture and institutionalization of the best practices. Gour Mahavidyalaya has partly adopted ICT enabled e-governance to ensure timely, efficient and progressive performance of academic, administrative and financial units. Principal's room, office, each department and the Library have computers fitted with printers. The entire network of the Office has been connected to a single server under a master administrative control. The College Office and the Department of Computer science have been interconnected by LAN. Many records are maintained in an electronic format. Electronic products, software and accessories are bought for the up gradation of the existing technological infrastructure. The College has installed different software for on line admission, salary and P.F.

transfer, maintenance of accounts, and collection of fees. E-tender has been introduced. The College has provided photocopier machine and LCD projectors. The Institution has provided at least one computer with internet connection to each department and also to the office staff. LIBSYS is being used for Library automation. INFLIBNET, E-books from Taylor and Franchise group and JSTOR are available. Faculty members, members of the nonteaching staff and students can access the internet facility. (a). Internet: There are 4 points and 2 browsing centers. (b). College website: www.gourmaha.org.in.- The College website has been beautifully designed with high- definition visuals by the experts under the guidance of ICT committee. The College Website is a primary means by which prospective students learn about Institution. Students, guardians and stakeholders gather information from college website and take decision regarding ward's admission. (gourmaha.org).The College website provides all in formations related to college history, vision ,mission, prospectus, online admission process, fees structure, intake capacity, activities of the IQAC, Academic calendar, Syllabus, Faculty profile, Students feedback form and analysis, Teachers feedback form and analysis, Parents feedback form and analysis, Hostel accommodation, events, photo gallery, service by Library, role of

different committees, research activities, activities of career and counseling cell, N.S.S., games and sports, Gender Sensitization and Sexual Harassment prevention Cell, and Anti-ragging cell. With a website as sleekly designed, informative, interactive, and easy to navigate, it's no surprise that Gour Mahavidyalaya has snagged one of the best spots for admission.

SMART CLASS ROOM**

BEST PRACTICE: ANNEXURE-II

One of the objectives is to inculcate a Value system among Students. Our environmental ethics is to make the College campus more sustainable and eco- friendly. A Green campus is a place where environmental friendly practices and education combine to promote sustainable and eco- friendly practices in the campus. Green campus is holistic aiming to make environmental awareness and to act as an intrinsic part of the life and ethos of the

Institute. Green campus endeavors to extend learning beyond the class room to develop responsible attitudes and commitment both at home,village and college campus or in the wider community. Many Gardens have been

developed:(1).	Flower
Garden(No.1):372”922”.(2).	Flower
Garden(No.2):511”-517”.(3).	Flower
Garden(No.3):508”- 119”.(4).	Flower
Garden(No.4):385”-415”.(5).	Flower Garden(
No.5).:237”-294”.(6).	Garden of Medicinal
plants:669”-116”.(7).	Garden of Medicinal
plants(No.2):610”-1189”.(8).	Garden in front of
Library.(9).	EX-situ conservation
garden(NO.1).(10).	Herbarium(NO.1)(11).

Arboretum. Rain water harvesting plant and Solar power energy plant have been established. There is a pressing need to accelerate the development of advanced clean energy technologies in order to address the global challenges of energy security, climate change and sustainable development. In today’s scenario solar power is one of the best solution to overcome the energy deficit in the World. The generation of solar power does not

have any adverse effect on the environment. The plant provides substantial cost savings on the power consumption for the college. One of the biggest challenges of the 21st century is to overcome the growing water shortage. Rainwater harvesting has thus regained its importance as a valuable alternative or supplementary water resource. Green campus initiative helps to create environmental awareness. Students and teachers have shown responsible attitudes and commitment to the environmental enrichment. There are two NSS Units in the institution .Extension activities are carried out by our volunteers of two N.S.S. units for upliftment of the condition of the marginalized people residing at village Bhabuk.
