## DEPARTMENT: ARABIC

### Manual for Slow Learners and Advanced Learners Identification and Activities: 2020 – 2021

#### **1. Roles and Responsibilities of Subject Teacher:**

Subject Teacher is responsible for carrying out different aspects of slow learner and advanced learner identification and activities to be conducted. Subject Teachers will be responsible for conducting class tests on their respective topics on the core papers of 10 marks with duration of one hour. Advanced and slow learners are identified based on their average performance in the class tests which have been conducted through Google classroom. Their evaluation sheets have prepared to get the list of advanced and slow learners.

Separate online sessions have been conducted for advanced and slow learners. Slow learners were given extra care to clarify their doubts and related materials have been provided through Google classroom and what Sapp.

Extra materials have been provided to the advanced learners for their needs and some extra academic activities have been given to them like preparation of presentation. After the publication of results of the current semester (2nd) it is noticed that the performance of both advanced and slow learners have been improved.

**Following record have been maintained:** Slow and Advanced learners Activity Report, result of class test / unit test, List of slow learners, List of Advanced Learners, Schedule of activity for slow learners, records attendance for session conducted for both slow learners and advanced learners, Report of performance improvement for slow learners, List / Record of tasks given to advanced learners, Expected and actual Outcome in university result.

## **2. NEW AQAR AND SSR FORMAT**

### **2.2. Catering to Student Diversity:**

2.2.1. The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners.

**Answer: Yes, Gour Mahavidyalaya, Mangalbari, Malda, has assessment system of the students and special Programmes for advanced learners and slow learners.**

**(A)** After online admission is over, the Academic Council of Gour Mahavidyalaya fixes the date of orientation programme in consultation with the Coordinator of IQAC. All the Heads of 19 Departments convene a meeting of the Departmental Academic Council and chalk out a plan for teaching and learning.

**(B)** Initially faculty members conduct orientation programmes and interact with the students to ascertain their background, subject stream, medium of education, aptitude match for the current programme, subject combination, examination system and areas of their interest. PowerPoint presentation is followed during orientation programme.

**(C)** Faculty members contacted regularly through online modes like Google Meet, YouTube, Google classroom and WhatsApp. Moreover, each faculty during the class hours identifies the slow or advanced learners by interaction and classroom performance with them.

**(D)** During the course of time, a systematic evaluation process is used to assess the learning levels of the students. This evaluation process consists of online written examination through open book test, group discussion and presentation, project report, practical examination with viva, written assignment, and test and class performance.

## **Slow & Advanced Learner-2020-21**

We the Department of Arabic of Gour Mahavidyalaya, have initiated the academically 'slow & advanced learner' system. Our aim is to bring the best among the students. Advanced learners are motivated to strive for higher goals and are encouraged for higher studies. They are provided with additional inputs by offering special coaching. We motivate them to involve in small research projects through surveys and educational tours to inculcate research orientation and higher studies aspirations.

The slow learners are never considered as poor achievers as that can hurt their motivation and their interest. This can eventually make them more distressed and introvert in the class. Hence, we treat them like any other student in the class but they are provided extra attention for improvement and achievement. The Department and every individual teacher help slow learners by providing proper guidance and support to them.

We encourage advanced learner to be supporters to the average and the slow learners as it will help to maintain the brotherhood among all students. We keep our advanced classes open to all not limiting to advanced learners only.

### **Guidelines for identifying Advanced Learners (Academically advanced):**

- Advanced Learners are those students who are ahead on the learning curve and can grasp advanced topics/ subjects faster than others.
- Advanced learners are identified based on the performance in University Examination of previous semester, internal examinations and class responses.

### **Guidelines for Slow Learner (Academically weak):**

- Connotation of academically slow learner (Weak Students) means those who could not keep pace with the classroom teaching needs extra attention so as to bring such students at par with the rest of the students of the class.
- Slow learners are identified based on their performance in University Examination of previous semester, internal examinations and class.

### Our observations:

We, the faculties of the Arabic department, regularly analyse the progress of the students. We noticed that their numbers increased significantly during the COVID-19 situation, especially in slow learners. Our analyses further show that online testing has drastically reduced the mark difference between slow and advanced students. Unfortunately, class responses do not always reflect the same as quality. We further believe that the 'Slow and Improved Student' system is still in its infancy in our department and we will evolve over time so that we can move our students towards a better future.
