

2020-21

GOUR MAHAVIDYALAYA, MANGALBARI, MALDA

BEST PRACTICES-1:2020-21

ANNEXURE-I

The basic objective is to promote institutional quality enhancement and sustenance through the internalization of quality culture and institutionalization of the best practices. Gour Mahavidyalaya has partly adopted ICT enabled e-governance to ensure timely, efficient and progressive performance of academic, administrative and financial units. Many records are maintained in an electronic format. The College has installed different softwares for online admission, salary and P.F. transfer, maintenance of accounts, and collection of fees. E-tender facility has been introduced. The Institution has provided at least one computer with internet connection to each department and also to the office staff. 64 teachers have been using ICT tools for teaching and learning. LIBSYS is being used for Library automation. INFLIBNET, E- books from Taylor and Franchise group and JSTOR are available.

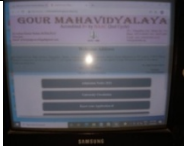

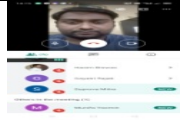

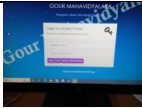

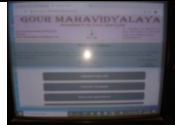

Internet: Faculty members, members of the non-teaching staff and students can access the internet facility. There are 14 points for internet connectivity and 2 browsing centers.

College website: The college website can be accessed via URL: www.gourmaha.org.in. The Website is the primary means by which prospective students learn about the institution. Students, Guardians and stakeholders gather information from college website and take decision regarding ward's admission, can access necessary notices, results, announcements and all the updates regarding the academic and administrative activities. The dynamic website with separate tabs for each department and the library is very informative, interactive, and easy to navigate. It's no surprise that Gour Mahavidyalaya has emerged as one of the best academic institutions for admission under the University of Gour Banga.

ONLINE GRIEVANCE PORTAL	INFLIBNET	ONLINE MEETING	ONLINE STUDENT SEMINAR	ONLINE SALARY	ONLINE FEEDBACK

BEST PRACTICE: ANNEXURE-II

One of the objectives is to inculcate a value system among the Students. Our environmental ethics is to make the college campus more sustainable and eco- friendly. A Green campus is a place where environment-friendly practices and pedagogy together promote sustainable and eco- friendly campus. Green campus is a holistic attempt at making environmental awareness among the students as an intrinsic part of the life and ethos of the Institute. Green campus endeavors to extend learning beyond the classroom by developing responsible attitudes and commitments among the students leading to eco-friendly activities at home, village and college campus as well as in the wider community. Many Gardens have been developed:

- (1). Flower Garden (No.1):372"-922".
- (2). Flower Garden (No.2):511"-517".
- (3). Flower Garden (No.3):508"- 119".
- (4). Flower Garden (No.4):385"-415".
- (5). Flower Garden (No.5):.237"-294".
- (6). Garden of Medicinal plants: 669"-116".
- (7). Garden of Medicinal plants (No.2):610"-1189".
- 8).Garden in front of Library.
- (9). EX-situ conservation garden (NO.1).
- (10). Herbarium (NO.1)
- (11). Arboretum.

Rain Water Harvesting Plant and **Solar Power Energy Plant** have been established. There is a pressing need to accelerate the development of advanced clean energy technologies in order to address the global challenges of energy security, climate change and sustainable development. In today's scenario solar power is one of the best solutions to overcome the energy deficit in the world. The generation of solar power does not have any adverse effect on the environment. The plant provides substantial cost savings on the power consumption for the college. One of the biggest challenges of the 21st century is to overcome the growing water shortage. Rainwater harvesting has thus regained its importance as a valuable alternative or supplementary water resource. Green campus initiative helps to create environmental awareness.

Outreach programme is carried out by the students and volunteers of two N.S.S. units at village Bhatra, Sahapur, Old Malda. Students and teachers have shown responsible attitudes and commitments to environmental enrichment.
