6.1 Institutional Vision and Leadership:

Response:

The college follows its vision and mission to serve better for all stakeholders. The governance of the college matches vision and the mission of the college.

Our Mission

The stated mission of Gour Mahavidyalaya, Malda is to:

- * Make education available to the remotest part of the society
- Empower students who are first generation learners and face social curses like poverty, illiteracy and prejudices.
- * Generate a vision that education is a weapon to overcome poverty, backwardness, and injustices.
- * Provide adequate infrastructure to make students self-reliant and enterprising.
- * Cultivate the practice of democracy, equity and social justice.
- * Encourage leadership in a world which is globalised, fast changing, and technology driven.
- * Inculcate a sense of patriotism that can tie the practice of education to the development of nation.
- * Disseminate long-term, future-based, solution-oriented, cutting edge thinking.
- Give importance to collaboration, harmony and conflict resolution in the attainment of goals.

- * **Emphasize critical thinking so that the students can engage with social, political, economic issues, and strive to bring changes for better life.**
- * **Provide a holistic understanding of education to help them learn from failures and achieve success.**

Our Vision

Gour Mahavidyalaya is an institution committed to nurturing young minds and equip them with adequate resources to achieve success. The college upholds the values of social justice, diversity and inclusiveness that the great thinkers from India like Rabindranath Tagore, M. K. Gandhi, Kshitimohan Sen, Sukumar Sen, Maulana Abdul Kalam Azad, among other eminent personalities, emphasized. The college works tirelessly towards sensitizing students to become 'creative individuals'. These 'creative individuals' can understand the power of knowledge and strive to use knowledge for creating innovative opportunities. As it is stated in NEP, 2020, education has to be outcome oriented, and courses are to be up-to-date in sync with the emerging fields of studies and job opportunities. Gour College provides a slew of new courses like Mass Communication and Journalism, Physical Education, Food and Nutrition, BVOC in Health Care and plans to start more such programs in near future to the meet the goals that NEP, 2020 has outlined. The whole process of learning and dissemination of knowledge in this college has been made participatory and harmonizing to the changing demands and condition of our society. Professionalism with humanism is at the very center of this institution's vision for future. In following B. R. Ambedkar's ideas of 'social democracy', the college has decentralized its functioning by empowering different committees to act according to their priorities for the betterment of this institution.

Our vision is to offer a healthy and engaged ambience to teachers, non-teaching staffs, students and all stakeholders to give adequate space to whatever talents we have to flourish and contribute to the overall development. Gour Mahavidyalaya continues to pursue this vision even in the online mode of classes. The institution is quite aware of what the future may bring in higher education, such as hybrid education, use of AI, new curricula and so on, and prepares to make the best of such possible scenarios.

The College acts as an extension to our family. We are well aware of the role it should play in rendering services to the greater community for its uplift where different stakeholders play crucial roles for its smooth functioning leading to success in diverse avenues.
